- Stay-Dry anti-bacterial lining
- Silk-feel lining of the shoulder area
- Reflective strips on tail flap and front corners
- Cross surcingles and leg straps
- Available no fill and 300g fill insulation

Product Information:

The Bucas Power Turnout range offers the best possible strength, durability, and quality. It provides perfect comfort and protection at both lower and higher temperatures than other rugs of similar weight.

The Power Turnout comes with a 1000 Denier Ballistic outer as well as a Stay-Dry anti-bacterial lining which means the rug can be put on a wet horse the same way as a sweat rug. It will quickly dry the horse and can be left on, thus avoiding extra rug changes.
