TAIL PAINTING MADE EASY

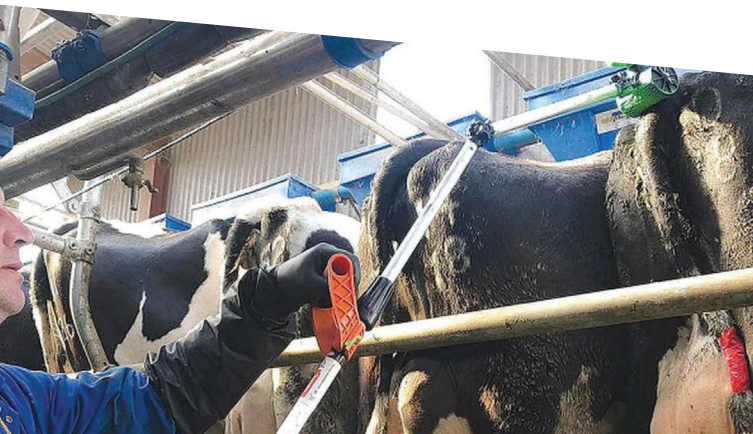

TAILPAINTER KIT

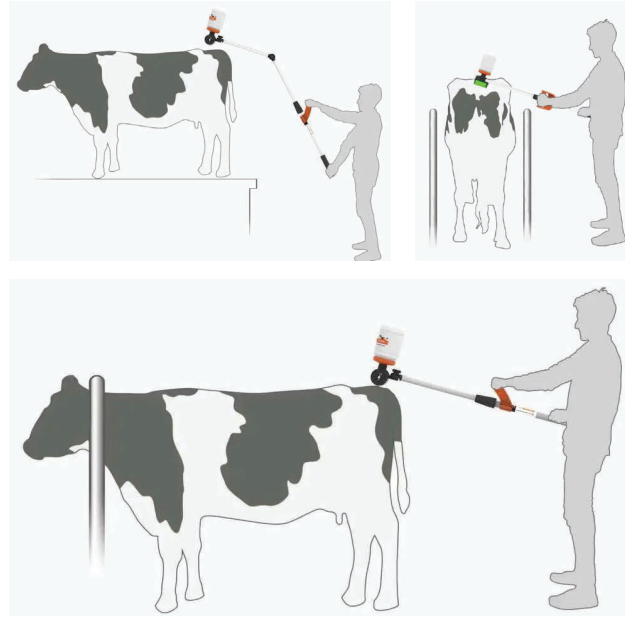

- Precise application - enhanced heat detection
- Cost effective - reduces paint, time, & labour
- Ergonomic design eliminates injury
- One tool: three configurations

The patented dairy cow Tailpainter applicator is an essential tool for modern dairy farms aiming to enhance their heat detection protocols. Invented by a farmer for farmers, this durable applicator withstands daily farm use while offering precision, ease of use, and ergonomic comfort. Its precision nozzle ensures even and consistent coverage, reducing paint wastage by up to 30% and enhancing detection accuracy.

The user-friendly design, featuring an ergonomic D-handle grip that extends from 65-115cm, accommodates all farm staff regardless of height. Versatile in use, it can be configured for dairy parlour, crush, or feedlot settings. The extension can be angled and locked into place to get the angle you need.

APPLICATIONS

TAILPAINTER ONE COLOUR KIT

Shoof Code: 225934

The ONE colour Tailpainter kit is a dairy cow tail paint applicator, the ultimate tool for efficient and precise heat detection in dairy herds. This innovative applicator is designed to simplify the process of applying tail paint. Faster. Easier. Safer.

Kit includes:

- 1 x Tailpainter applicator
- 1 x Applicator head
- 1 x 1L bottle

TAILPAINTER TWO COLOUR KIT

Shoof Code: 225935

The two colour Tailpainter kit is a dairy cow tail paint applicator, the ultimate tool for efficient and precise heat detection in dairy herds. This innovative applicator is designed to simplify the process of applying tail paint. Faster. Easier. Safer.

Kit includes:

- 1 x Tailpainter applicator
- 2 x Applicator head
- 2 x 1L bottle

ACCESSORIES

TAILPAINTER 1L REFILL BOTTLE

Shoof Code: 225936

Replacement Tailpainter Refill Bottle only. Use a refill bottle when buying paint in large volumes or incompatible bottles. Have multiple bottles - one for each colour.

TAILPAINTER APPLICATOR HEAD

Shoof Code: 225937

The Tailpainter Replacement Applicator Head ensures consistent and precise tail paint application. Durable and easy to attach, it maintains optimal performance, reducing paint wastage and enhancing heat detection accuracy.

TAILPAINTER REPLT ROLLER 3PK

Shoof Code: 225938

Replacement Tailpainter 3-pack of roller heads only. For consistent paint application, replace rollers regularly. Wash as per paint manufacturer instructions. For best results use dry rollers. We recommend using water based paint such as FIL Detail.
